# PUBLIC ACCESS CHANGES

## A1 All PACER Users

### A1.1 Upgraded PACER Accounts

The PACER Service Center (PSC) website (<http://www.pacer.gov>) provides centralized registration, technical support, and billing services for access to documents and case information in CM/ECF. The PSC website has been updated to provide increased security features. If you change any of your account information, you will be prompted to create new security questions, and a new user name and password.

### A1.2. Overview of Upgraded Account Registration Process

To create a PACER account for read-only access to public documents and case information, click the **Register** tab, then **PACER Search Only** in the Register list on the left side of the page. Then click **Register Now**.

The screenshot shows the PACER website's registration process. At the top, there is a navigation bar with links for "Manage My Account", "Manage My Appellate Filer Account", and "Case Search Sign In". The PACER logo is prominently displayed, along with the text "PUBLIC ACCESS TO COURT ELECTRONIC RECORDS" and the "UNITED STATES COURTS" logo. Below the navigation bar, a menu includes "HOME", "REGISTER", "FIND A CASE", "E-FILE", "QUICK LINKS", "HELP", "CONTACT US", and an "RSS" icon. The "REGISTER" menu is expanded, showing options: "PACER Search Only", "Attorneys", "Non-Attorneys", "Appellate (Legacy)", "District/Bankruptcy (Legacy)", and "PACER Administrative Account". The "PACER Search Only" option is selected. The main content area features a "Registration Wizard" box with the following text: "PACER offers registrations for several different functions. This Registration Wizard is designed to help you decide which registration option is best for your needs. If you already know what you need, use the Register menu on the left side of the screen. Otherwise, click **Start** below to begin." Below this text is a large "Start" button and a link for "More Information".

## A2 Attorney Users

The PACER Service Center (PSC) website provides centralized registration, technical support, and billing services for access to documents and case information in CM/ECF. With the Next Generation (NextGen) of CM/ECF, new functionality will be available which will make it easier to link your PACER account with your CM/ECF filing account. Also, you will not have to maintain separate filing accounts with each court; the PSC website now provides attorneys the opportunity to request filing privileges in any federal court that has upgraded to NextGen CM/ECF. The PSC website has been updated to provide increased security features. If you change any of your account information, you will be prompted to create new security questions and a new user name and password.

Prior to all courts moving to NextGen CM/ECF, you will still need to use your current filing credentials (login and password) to file in courts that are still using the legacy CM/ECF software and your PACER credentials for accessing documents and case information.

In an effort to provide more efficient systems to the public, the Federal Judiciary will implement a nationwide centralized attorney admissions and e-filing registration process in all appellate, district, and bankruptcy courts over the next several years. Release 1 of Appellate NextGen CM/ECF automates and centralizes the process by which attorneys can request public access, and access to courts for filing and/or admissions. The purpose of centralized registration is to replace a users' existing CM/ECF and/or PACER accounts with a single user ID and password that is valid in all NextGen courts where the user has read or read/file permissions.

### A2.1.1 Overview of Account Registration Process

1. **Determine whether the court uses the legacy or the upgraded CM/ECF system.**  
If the court in which you want to practice has upgraded to NextGen CM/ECF, you can apply for admissions and/or register to e-file through the PSC site. If the court uses a legacy system, you will need to contact the court to register. If you have an upgraded PACER account, log in to Manage My Account on [www.pacer.gov](http://www.pacer.gov).
2. **Submit admissions/e-file registration.**  
If you have an upgraded PACER account, log in to [Manage My Account](#) and select the **Attorney Admissions/E-File Registration** option. Attorney admissions/e-file registration requirements vary from court to court, but the information you update through Manage My Account is sent electronically to each court in which you are admitted or registered.
3. **Apply for admissions/e-file registration in each court individually.**  
You may need to be admitted to practice in the court. Once you complete a registration in one court, you may apply for admissions and/or register to e-file in another court. The same username and password will allow nationwide search access and e-file access in the NextGen CM/ECF courts in which you are admitted and/or registered as an e-filer. When your request is complete, the PACER Service Center will send it to the court for verification and processing. Document filing and access to restricted cases/documents in a court is not permitted until that court processes the admission and/or registration request.
4. **Wait for a reply from the court indicating whether the registration has been accepted.**  
Processing time for attorney admissions and/or e-file registration can vary from court to court. Once your request is processed, you will receive an email notification of the court's determination. For additional information regarding attorney admissions and e-filing procedures, visit the court's website to locate your court. Contact the Clerk's Office if immediate access to file documents is needed.

## NOTE

Appellate public filers who already have a centrally maintained account at the PSC will continue to use the PSC's CurrentGen interface to request access in a CurrentGen court and to update data in a CurrentGen court. If you have an account in both a CurrentGen and NextGen court, you will need to submit updates to both the CurrentGen and NextGen Maintain Your Account interfaces at the PSC.

### A2.1.2 PSC Registration Wizard

You can use the PSC Registration Wizard to guide you through the process of selecting the appropriate registration path: Public User, Attorney, or Non-Attorney Filer.

1. Click the **Register** tab, then click **Start** in the Registration Wizard.

The screenshot shows the PACER website header with the logo and navigation menu. The 'REGISTER' tab is selected. On the left, a 'REGISTER' sidebar lists options: PACER Search Only, Attorneys, Non-Attorneys, Appellate (Legacy), District/Bankruptcy (Legacy), and PACER Administrative Account. The main content area displays the 'Registration Wizard' with a description and a 'Start' button.

2. Click **E-File and/or Attorney Admissions**.

The screenshot shows the 'Registration Wizard' window with the 'Registration Type Selection' section. It asks 'WHAT WOULD YOU LIKE TO DO?' and provides a 'More Information' link. Below the question are three buttons: 'View', 'E-File and/or Attorney Admissions', and 'Back'. At the bottom are 'Back' and 'Done' buttons.

- Determine which scenario best describes you and click the corresponding button.

**NextGen CM/ECF E-File Registration**

U.S. Court of Appeals, OCA-TD Test uses a new Next Generation Case Management/Electronic Case Files (NextGen CM/ECF) system. While the [legacy](#) system required multiple logins, the [upgraded](#) NextGen CM/ECF system allows you to access court information and perform different procedures (e.g., e-filing) using only one login. Select the option below that best describes you. Roll over a button for more information about the selection.

### **A2.1.3 Bar Admission**

If you select the Attorney Admissions path from the PSC's new web interface for a NextGen court, you will be presented with a series of screens with court-specific requirements for admission to the court's bar. You will be required to first establish an upgraded PACER account, complete attorney admissions and/or e-filing registration, and indicate acceptance of local attorney admissions rules and procedures (if applicable), and/or e-filing terms and conditions (if applicable).

Based on the court selected when completing the admission request, you may see up to 10 court-specific questions. Up to three documents can be attached to the admission request (a court may specify the documents required in local rules or admissions procedures, which will be accessible via a link).

The court will receive and process your request. If the court requires admission payment, you will be granted permission to access the Bar Admission utility in CM/ECF, but not filing permissions. Court staff will then send you an email with information about paying the admission fee. You must log in to NextGen CM/ECF and use the Bar Admission utility to pay fees. When the fee has been paid, court staff will complete processing of the admission and grant filing privileges.

## A2.1.4 Attorney Filing

The Appellate Attorney Filing software has been updated to allow users the ability to file electronically without requiring the Java plugin to be installed on their computers. Attorney filers will be presented with a new HTML-based user interface. The initial filing screen and the attorney filing events were redesigned and have a new look-and-feel and slightly different user experience.

### A2.1.4.1 CM/ECF Menu

The new CM/ECF logo and menu bar display at the top of all filing pages. The CM/ECF logo is a link to the CM/ECF landing page. The list of authorized menu items display on the right-hand side; a red arrow next to a menu item indicates that a menu item has a submenu. The new **Getting Started** menu item contains instructions for entering a basic filing.

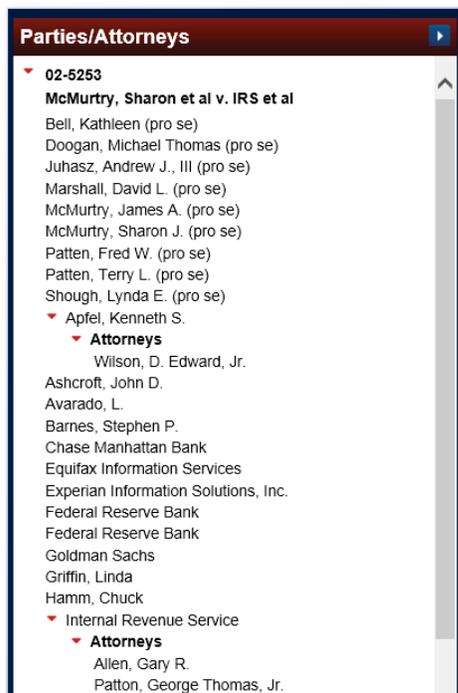

### A2.1.4.2 File a Document – Initial Page

Initially, all types of documents display in the list. To narrow the list, you can type into the *Type of Document* field or change the *Category*.

### Parties/Attorneys Tree

A **Parties/Attorneys Tree** shows the short title of the target case, all of the parties in the case, and their attorneys. Clicking on the right arrow in the panel header collapses the tree. The tree defaults as opened on the initial page and collapses on subsequent pages. You can expand the tree at any time during the transaction.

### Associated and Additional Cases

If the transaction is configured for multiple-case docketing, any cases that are associated with the target case are listed. Any additional cases that you entered, along with any cases that are associated with them, also are listed.

The document will also be filed in cases that are checked:

10-923 Albert Berger v. Pfizii Inc.

Additional Cases

10-9988 Emergency v.

11-1234 Sue Anne Langdon v. Subbed Party

11-3333 Heather Burgess v.

#### A2.1.4.3 File a Document – Second Page

The header for the second page of the filing displays the selected type of document (event name) in the red title bar. All of the cases that you selected on the first page are listed below the red title bar, beginning with the target case and followed by the associated and additional cases.

**File a Document | Joint Motion Filed**

File to cases: 02-5253, 10-923, 09-8877, 10-9988, 11-1234, 11-3333, 11-4444, 11-6434, 11-6464, 11-8877, 12-1234

After the first page of the transaction, the **Parties/Attorneys Tree** is displayed in a collapsed state on the right. A button for expanding the tree displays in place of the panel.

### Event Sections

Each function displays inside an individual accordion panel, which is open when initially displayed. Clicking on the down arrow to the left of the function name collapses the panel.

## A2.1.4.4 Final Review and Submission Pages

A final review panel allows you to verify the information selected and entered in the transaction (e.g., the event details, case, and document) prior to completing the transaction and saving the data to the database. On the final review screen, the entries are summarized and uploaded documents are listed. On this screen, a link is included for each document which, when clicked, displays the corresponding PDF document.

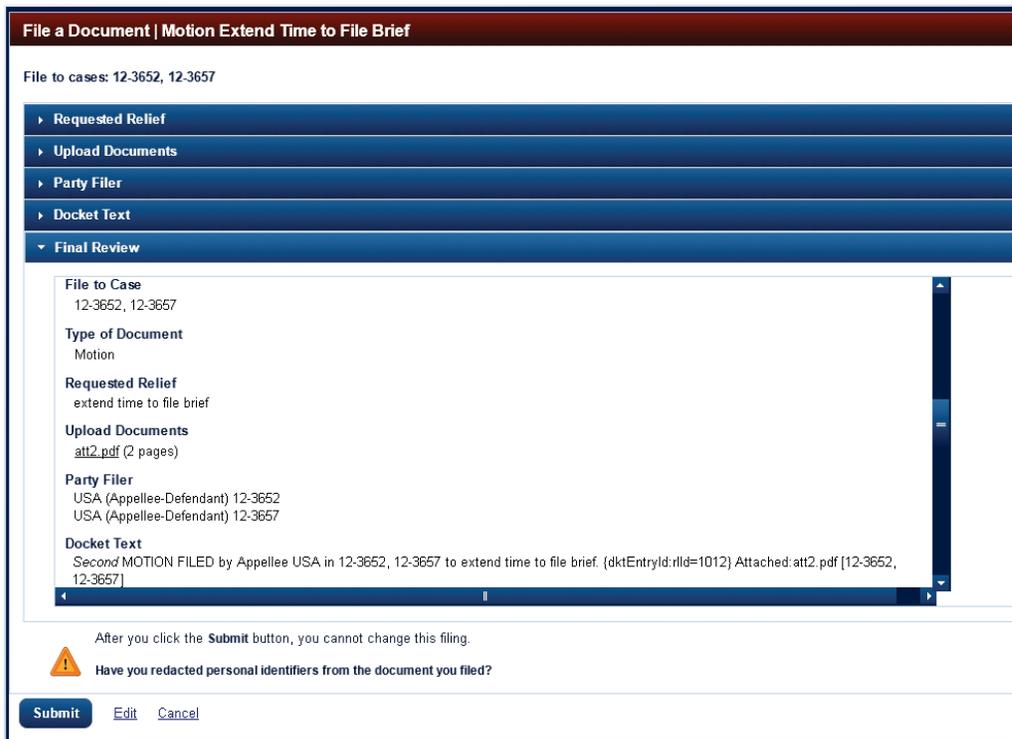

### Docket Text Panel

All functions are collapsed when the **Docket Text** panel is displayed. You can open and edit any of the panels. After doing so and clicking **Continue**, the docket text is regenerated and redisplayed

### Final Review Section

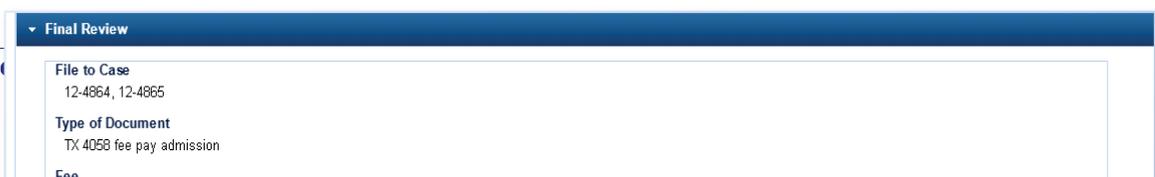

The **Final Review** panel provides a summary of all of your selections for the filing. The names of any uploaded files are hyperlinks so you can review the contents of the files.

Before submitting the filing, each function can be opened for viewing. To modify the contents, you must click the **Edit** hyperlink at the bottom of the **Final Review** panel. If information in any of the panels is modified, the **Docket Text** and **Final Review** panels are presented again.

### Submission of a Transaction with Fee Payment

A **Pay Fee** button replaces the **Submit** button when a filing fee is required.

### A2.1.4.5 Filing Functions User Interface Changes

The user interface for several functions is different from previous releases. This section provides screen shots of the new user interface for all the functions attorneys may see when filing.
